Models:

IL-IM-01

IL-IM-02

Refrigerator & Ice-Maker Water Filters

Applications:

- Sediment*
- Chlorine Taste & Odor
- Lead
- Parasitic Protozoan Cysts

At a Glance:

- Filters water for refrigerator and ice-maker
- Simple, push-in fitting design makes for easy installation on existing water lines
- Cleaner, clearer better tasting ice for your favorite beverages

IL-IM-01

IL-IM-02

Product Benefits:

- Reduces Chlorine Taste & Odor and Sediment*
- IL-IM-02 also reduces Lead and Parasitic Protozoan Cysts
- Rated for 2,500 gallons of filtration at 0.5 gpm (IL-IM-01)
- Rated for 750 gallons of filtration at 0.5 gpm (IL-IM-02)
- 5 micron nominal filtration (IL-IM-01)
- 0.5 micron nominal filtration (IL-IM-02)

Product Specifications:

Model No. (Part No.)	Service Flow Rate	Service Life	Max. Water Pressure	Max. Water Temp.	Std. Replacement Ctg. No.
IL-IM-01 (56172-02)	0.5 gpm (1.9 lpm)	2,500 gallons or 12 months (9,464 liters)	125 psi (862 kPa)	100°F (37.8°C)	5617202
IL-IM-02 (56181-03)	0.5 gpm (1.9 lpm)	750 gallons or 6 months (2,839 liters)			5618103

Easy Installation:

CAUTION: Diagram shown is for reference purposes only. Read installation and operation manual prior to installing the unit.

Physical Specifications:

- 1/4" Push-in fittings
- System is a single vessel design
- System is manufactured from FDA CFR-21 compliant materials
- System has a maximum operating pressure of 125 psi (862 kPa) and operating temperature of 100°F (37.8°C)
- System packed with plumbing fittings and installation manual
- System to be installed on refrigerator/ice-maker cold water line

WARNING: Do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system. The contaminants or other substances removed or reduced by this water filter are not necessarily in all users water. Systems certified for cyst reduction may be used on disinfected water that may contain filterable cysts.

EPA Establishment Number 070595-CT-001

IMPORTANT NOTICE: Water filtration systems can help reduce the presence of contaminants. In addition, some water filtration systems can help reduce the presence of microorganisms or other contaminants with potential health effects. Always refer to the product specifications for a list of contaminants that may be reduced, or call CUNO for filter specifications.

CUNO Incorporated recommends regularly scheduled maintenance and replacement of the filter cartridge(s) in order for the product to perform as advertised/sold. **Change the filter cartridge at least every 6 or 12 months. Improper installation and maintenance may result in property damage due to water leakage.**

Limited Warranty:

CUNO Incorporated warrants that this product is free from defects in materials and workmanship. This limited warranty, together with any and all warranties implied by law, shall be limited to a period of one (1) year from the date of original purchase. This limited warranty does not apply to failures that result from abuse, misuse, alteration or damage not caused by CUNO or failure to properly comply with these installation or cartridge change-out instructions. This limited warranty is subject to exclusions and limitations. Please refer to the Warranty Card provided with the product for details.
