Ultimate fresh bean-to-cup equipment

Bravilor Bonamat's FreshGround Series offers best-in-class, user friendly bean-to-cup brewing equipment. Indulge in the fullest flavored beverages made from freshly ground beans, brewed to GOLD CUP standards. You control the fresh bean-to-cup process from grind settings and strength selections to flavorings, all with a few screen touches. Each model in the FreshGround Series creates a variety of hot beverages such as Coffees, Lattes, Cappuccinos, Mochas, Hot Chocolate and other combinations.

FreshGround touch screen

Intuitive and simple to navigate, with features that include:

- Built-in touch screen manual.
- Pre-programmed instructions in 12 languages.
- Easy self-serve operation at the touch of the screen.
- On-screen Branding. You can customize the screen background, the individual drink images and the screen saver to create your brand message.

Masterful Engineering

Bravilor's innovative technology keeps your brewers in operation; minimizing labor and service calls, and generating more profits.

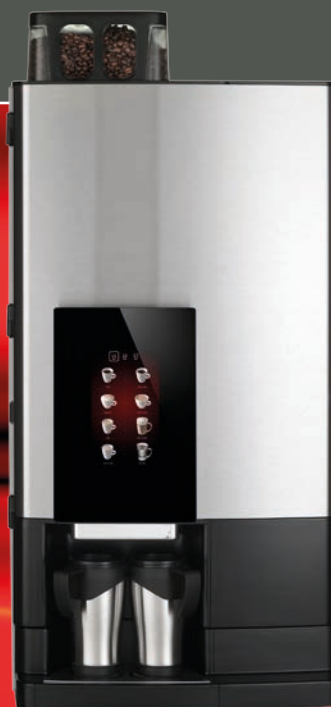

Here's how it works;

- **Valve-less Brew System (V.B.S.)** – Unique, valve-less design reduces lime and scale build-up.
- **Patented Water Port Selector** – Eliminates the hassle of leaking dispense valves.
- **Patented Soluble Canister** – Easy to remove, disassemble, and re-install for a complete and thorough cleaning. NSF approved.
- **Brew Settings** – Customize your brew settings including grind, strength, drink combinations and portion control.
- **Closed-loop Error Code System** – Prevents users from bypassing error codes, minimizing water leaks.
- **Patented Teflon Infused Parts** – Reduces caking and scale build-up throughout the machine.
- **Recipe programming** – Your customized recipes can be copied and distributed from machine to machine via SD card.

■ FreshGround 121

- (1) Grinder, (1) Whole Bean Hopper (holds 5.0 lbs.),
- (2) Soluble Hoppers (holds 2.4 lbs. ea.)

■ FreshGround XL 233

- (2) Grinders, (2) Whole Bean Hoppers (holds 5.0 lbs. ea.),
- (3) Soluble Hoppers (holds 2.4 lbs. ea.)

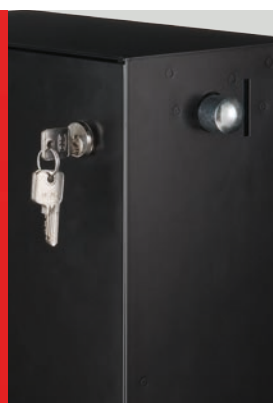

UNIVERSAL FEATURES AND BENEFITS

- Precision grind adjustment. No tools required. Adjust the grinder to match your ground bean preference from coarse to finely ground.
- Long lasting ceramic burrs which deliver uniform particle distribution.
- Fully programmable drink selections. Tailor your drink menu to fit your customer profile.
- Drink Size Pre-selection (S, M, and L) for precise portion control.
- Extra-large bean hoppers. Each bean hopper holds up to 5.0 lbs. of whole coffee beans.
- Removable drip tray.
- Automatic descaling and rinse program.

TOUCH FREE ECO MODE

No need to think twice about saving money on energy costs. Brewer automatically switches into energy saving mode from the last drink dispensed.

MDB/ICB

FreshGround can be connected to various point-of-sale devices that meet the Multi Drop Bus / Internal Communication Protocol (MDB/ICB).
